

Complete the following questions using the *'Life in Canada'* handout. Please complete the questions on a separate sheet or in your course notebook.

1. Changes were occurring in all aspects of life at the turn of the twentieth century. Copy the organizer below and add examples of changes that were occurring in each area. I have provided an example under Entertainment to get you started.

2. Using information that you gathered in question #1, compare life in Canada at the beginning of the twentieth century with your life in Canada today. Compare the following categories: transportation, entertainment, communication, and lifestyles.
3. New inventions had a great effect on life at the turn of the twentieth century. Can you think of a modern invention that is affecting your life as much as the telephone or automobile changed the lives of people at the beginning of the twentieth century? Explain.
